

October 8, 2009

Dear friends,

This has been a very exciting week for Deep Sea Aquatics, on Tuesday we concluded the asset purchase of Ocean View Aquarium Products, Inc. Ocean View was established in 1985 and has been family owned from day one. Long known for being a value driven company, Ocean View has earned a place in many of the independent pet stores in the south east region of the country. Over the years, Ocean View has also developed a relationship with a select number of distributors nationally to service additional customers.

Since our beginning in 2006, Deep Sea Aquatics has been a “High End” manufacturer with a focus on custom aquarium and aquarium furniture. With the addition of the Ocean View product line to Deep Sea Aquatics, we can now offer you a complete assortment from the 2 ½ gallon to well over 1,000 gallon Aquariums! Beginning with Injection Molded, Extruded Molded, Trim-less, Euro-braced and Stainless Steel framed aquariums, we now offer the complete assortment of aquarium types.

The Ocean View aquarium line will compliment Deep Sea Aquatics and help us reach even more customers. We will continue to provide you and your customers with the same great Ocean View products and in fact, plan to introduce new and exciting products under the Ocean View brand in early 2010.

When we introduced our NEO Series in 2008, our tag line was “Change Everything” and we meant it! Our goal has not changed and is to *be a value added manufacturing partner and build the aquarium hobby for everyone*. Our experience in the industry and commitment to quality combined with our expert craftsmen will keep us moving in the right direction!

If you have any questions, please feel free to contact us directly.

We believe that change is not something to be afraid of... It should be encouraged and embraced! Remember... CHANGE EVERYTHING!

Warmest personal regards,

Dan Engmark
President
